HITACHI
Inspire the Next

Peripheral Plus Series

Designed to install a compatible Hitachi LCD projector on top of a table and to project images on the surface of the table.

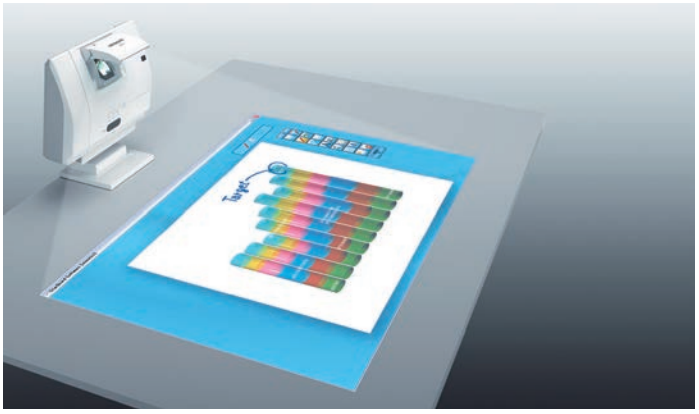
Main bracket with supporting bracket

Table clamp

Hitachi projector installed with TT-251 Tabletop Use Kit

Tabletop mounting

Tabletop mounting makes any tabletop a projection screen using the optional tabletop stand. Ideal for a small group environment or in a room with limited space.



- Tabletop use kit designed specifically for compatible Hitachi LCD projectors
- Adjustment capability for two different heights
- Fine adjustment of vertical and horizontal keystone in the projected image
- User's manual included with step-by-step installation instructions
- Provides even greater projector application versatility

Values Shown for 60-inch Diagonal

	Screen Size (diagonal)		Projection Distance		Screen Height
